To support this policy the DSS will implement and maintain an appropriate work health and safety management system and assist and support workers to achieve the aims of this policy and continuous improvement in their own management of WHS issues. The DSS will:

- **Employ**, and contract when necessary, the services of external **competent and skilled persons** who are sufficiently trained, instructed, and informed to assist the DSS to meet its obligations under the Policy.

- Support and value the human rights and cultural heritage of its workers, contractors and visitors. Cultural sensitivity is an expectation in all aspects of its activities.

To achieve these objectives, the DSS will consult openly with its workers and other stakeholders, and provide them with sufficient information to assist in the decision making process. The DSS will value and acknowledge the outcomes of this consultation.

The DSS will establish appropriate levels of responsibility and accountability for its workers, consistent with their position within the organisation to meet the policy objectives. These levels of responsibility and accountability will be developed in consultation with the respective
workers.
